

# RESPECT OUR FAITH PLEDGE

*Because my faith compels me to participate in the political decisions of our state; and*

*Because I recognize that God's concern is never fully represented in a single political party or candidate;*

I pledge to ensure that all political points of view are respected in my congregation and to vote with respect to my faith.

*But I demand those seeking public office respect my faith by:*

- ➔ Neither soliciting, nor accepting, the endorsement or direct political support of houses of worship; and
- ➔ Refusing to associate with organizations that exploit faith for political gain.
